

## Acknowledgements

The American Academy of Pediatrics (AAP) would like to thank the many individuals who contributed to the AAP Pediatric Residency Advocacy Training Curriculum. In particular, we would like to recognize the primary contributors Jill Aulenti, MEd, Michael Dale Warren, MD and Jeff Kaczorowski, MD. We would also like to acknowledge C. Andrew Aligne, MD, MPH, for his framework of concrete advocacy activities that could be done in an hour or less.

We would like to give special thanks to Grassroots Solutions for working closely with the AAP to produce this curriculum, and to the following individuals who made significant contributions: Jean Davis, Paula Fynboh, Jim Pawelski, and Alanna Whybrew.

Finally, we would like to recognize the individuals who submitted their advocacy stories. In particular: Lisa Chamberlain, MD, Rebecca Dudovitz, MD, Evan Fieldston, MD, Mana Golzari, MD; and Rishi Manchanda, MD. Their examples bring the guide to life and motivate us all to continue to work on behalf of children.
