

**Starting Full-Time Gross Annual Income Reported by Graduating 3rd-year Pediatric Residents:
Graduating Resident Survey (Years 2006-2008, N=1,805)**

	Gen pediatric practice	Hospitalist	Chief residency	Pediatric subspecialty fellowship	Non-pediatric residency/fellowship	Other
Female (n=881)	\$117,947	\$117,644	\$62,656	\$53,056	\$56,781	\$106,486
Male (n=345)	\$117,223	\$117,099	\$66,498	\$53,093	\$48,424	\$101,430

Men and women starting full-time salaries were compared using independent t-tests for each of the various job groups. None of the differences were significant at $p \leq .05$.

Only residents heading into full-time positions were included in the analyses. 145 women and 17 men were heading to part-time or reduced-hours positions.
