Notes: # FFS payments by type of service data for HI, OK and TN are from FY 1996 and not included in regional and US averages. Utilization by type of service data for HI, OK and TN are from FY 1996 and not included in regional and US averages. When less than 0.05% of expenditures is accounted for by a type of service, it is rounded to 0.0%. * FFS (fee-for-service) payments. Except for Tennessee, which appears to be reporting capitation payments as Vendor Payments for Other services, payments in Sections G and H do not include i) DSH payments(15.9 Billion), and ii) health plan premiums, capitation and HMO payments(14.1 Billion). FFS payments totaled \$124 Billion nationally in FY 1997. ** EPSDT services are known to be under-reported in many states due to complexities in the reporting process. *** Any other medical or remedial care recognized under state law and specified by the Secretary, including but not limited to transportation, physical and occupational therapy, dentures, prosthetic devices, rehabilitative and hospice services. Note that Tennessee includes capitation, HMO and plan premium payments as expenditures for Other Services. + Percents may sum to exceed 100 because enrollees may use multiple services. Service recipients in managed care plans may not be counted. 'na' Data unavailable. 'NA' Not applicable.

In First Trimester	21.4%	12.0%	31.8%	17.7%	13.1%	29.8%	18.1%	16.0%	26.7%
Until Third Trimester or Not At All	4.2%	2.1%	6.6%	3.6%	2.4%	6.9%	4.0%	3.3%	6.7%
C. % Population Without Access to Primary Care Provider, 1996	46.7%			34.3%			16.3%		
D. Counties Designated Medically Underserved Areas*, 1996	82	(100.0%)		342	(94.0%)		2,470	(82.3%)	
E. Counties Designated Health Professional Shortage Areas*, 1996	58	(70.7%)		226	(62.1%)		1,925	(65.4%)	

Notes: # Race may not be reported consistently across state. Maine, for example, reported all enrollees as 'Other'. Data for HI are from FY 1996, do not include managed care enrollees and are not included in regional and US summaries. * Defined by the Bureau of Primary Health Care. Procedures and criteria for designation are available at " <http://www.bphc.hrsa.dhhs.gov/dsd/dsd11.htm#contents>".

III. MEDICAID AND SCHIP PROGRAM ELIGIBILITY BASED ON FAMILY INCOME AS A PERCENTAGE OF THE FEDERAL POVERTY LEVEL (%FPL), AUGUST 1999

A. Title XIX Medicaid Eligibility and Expansions

By federal mandate, all states must cover pregnant women and children to age 6 to 133% of the Federal Poverty Level (FPL) and children through age 15 up to 100% FPL, as of October 1, 1998.

In addition, 1996 federal welfare legislation requires states to use the AFDC income eligibility levels in effect as of July 16, 1996 to determine Medicaid eligibility. This establishes a state specific minimum eligibility level for poor children ages 16 through 18 (34% FPL for the state of Mississippi, an equivalent of \$4719 for a family of 3 in 1999).

Mississippi expanded its Title XIX Medicaid program to 185% FPL for pregnant women and infants. [41] The Medically Needy were not covered in 1997. [34] Brackets ([]) indicate total number of states with expansions or Medically Needy programs.

An estimated 29.6% of 151K uninsured children under age 19 in the state of Mississippi were Medicaid eligible but unenrolled during 1997. A full report of Medicaid and SCHIP eligibility of uninsured children in the states can be downloaded from 'http://www.aap.org/advocacy/stateelg99.htm'.

B. Title XXI Medicaid/SCHIP Program Eligibility:

Mississippi's Title XXI Medicaid program covers children ages 16 through 18 from 34% to 100% FPL. The state plans to implement its CHIP program for children ages 6 through 18 up to 133% FPL in November 1999. Federally legislated maximum Title XXI SCHIP/Medicaid program eligibility for Mississippi is 235% FPL for all infants and 200% FPL for children through age 18. Dec 98 - Jun 99 Title XXI program enrollment figures are available by state on the Kaiser Family Foundation website, at 'http://207.22.102.105/content/1999/2153/'.

More information about Medicaid and SCHIP activities in the states are available from reports published by the AAP's Department of Chapter and State Affairs: the SCHIP Update, available at "http://www.aap.org/advocacy/schiprep.htm", and the Access Issues section of the 1998 State Legislation Report, available at 'http://www.aap.org/advocacy/98stateleg rpt.pdf'.

IV. MEDICAID SERVICES REIMBURSEMENT

Comparison of 1998/1999 Medicaid* and Medicare Reimbursement Rates for Two Services Commonly Used by Pediatricians**

* State level data reported by Mississippi to the AAP in the 1998/1999 Medicaid Reimbursement Survey. ** Medicare Payment Schedule™ Physician's Current Procedural Terminology (CPT) five-digit codes, nomenclature and other data are copyright 1998 American Medical Association (AMA). All Rights Reserved. No fee schedules, basic unit, relative values or related listings are included in CPT. The American Academy of Pediatrics and the AMA assume no liability for the data contained herein.

A report compiled by the AAP's Division of Health Policy Research documents state reimbursement rates for more than 100 services commonly used by pediatricians. This report shows that services provided under Medicaid are typically reimbursed at 20 to 50 percent less than the same services provided under Medicare. The full report can be downloaded from "http://www.aap.org/research/medreim.htm".
