

**Important information regarding the June 2010
American Board of Urology
Pediatric Subspecialty Certification Examination**

Applications for the 2010 American Board of Urology Pediatric Subspecialty Certification Examination will be mailed to interested pediatric urologists on August 1, 2009. **To receive an application, individuals must contact the ABU office prior to September 1, 2009** or download application documents from the [ABU website](#) and mail to the Board office by the required deadlines. ABU: (434) 979-0059 or via email: lindsay@abu.org.

2010 is the final opportunity for pediatric urologists who have not completed an ACGME or RCPS(C) approved pediatric urology residency of at least 24 months to achieve pediatric urology subspecialty certification.

Even if you have contacted the ABU in the past 12 months regarding the PSCE process, you must communicate your request for a 2010 application packet in order to insure receipt of the necessary application materials.

DEADLINES:

- | | |
|---------------------------|--|
| September 15, 2009 | Application and \$2500 Application Fee for the June 2010 examination. |
| October 1, 2009 | 12-month log reflecting all office visits, hospital, ambulatory care, and office procedures for each facility where one practices must be submitted. |
| December 1, 2009 | 30 hours of pediatric urology focused CME credits must be documented. |

Reminder: 2010 is the last year that those candidates who completed their fellowship prior to ACGME fellowship approval in 1997 will be able to be grandfathered in and allowed to take the PSCE.

For additional information, please review the handbook, *Information for Applicants for Pediatric Subspecialty Certification*, available from the ABU office (434) 979-0059 or via email: lindsay@abu.org or on the ABU website at www.abu.org.
