Practical Pediatrics CME Courses
Designed for pediatricians, family physicians, nurses, nurse practitioners, physician assistants, and allied health professionals caring for children, Practical Pediatrics CME Courses feature nationally prominent faculty presenting topics that highlight current issues in pediatrics.

PREP® The Course
An intensive review and update of pediatrics featuring course content based on the content specifications issued by the American Board of Pediatrics (ABP) for Maintenance of Certification™ (MOC). The course features a variety of educational formats to meet different learning styles including: lectures, case-based sessions, faculty panels, visual diagnosis, pre/post-course self-assessment and hot topics.
