**2017 Match
Data Tables from the National Resident Matching Program (NRMP)**

AAP Division of Workforce & Medical Education Policy

Table 1: Match Data for Pediatrics (1st-Year Positions) 2016-17

Specialty	# of 1st Year positions offered	# and % of positions filled	# and % of 1st-year positions filled by USMGs
Categorical Pediatrics 2017	2738	2693 (98.4%)	1849 (67.5%)
Categorical Pediatrics 2016	2689	2675 (99.5%)	1829 (71.2%)
All Pediatrics 2017	2912	2855 (98%)	1944 (66.8%)
All Pediatrics 2016	2864	2843 (99.3%)	1933 (67.5%)
Internal Medicine-Pediatrics 2017	381	356 (93.4%)	291 (76.4%)
Internal Medicine-Pediatrics 2016	386	384 (99.5%)	329 (85.2%)

Table 2: Match Data for Primary Care Specialties (1st-Year Positions) 2016-2017

Specialty	# of 1st – year positions offered	# and % of positions filled	# and % of 1st-year positions filled by USMGs
Internal Medicine 2017	9563	9354 (97.8%)	4956 (51.8%)
Internal Medicine 2016	9343	9150 (97.9%)	4975 (53.2%)
Family Medicine 2017	3356	3215 (95.2%)	1513 (45%)
Family Medicine 2016	3238	3083 (95.2%)	1467 (45.3%)
Obstetrics & Gynecology 2017	1288	1288 (100%)	1049 (81.4%)
Obstetrics & Gynecology 2016	1265	1257 (99.4%)	981 (77.5%)

Figure 1: PGY-1 Positions Offered in Pediatrics (2003-2017)

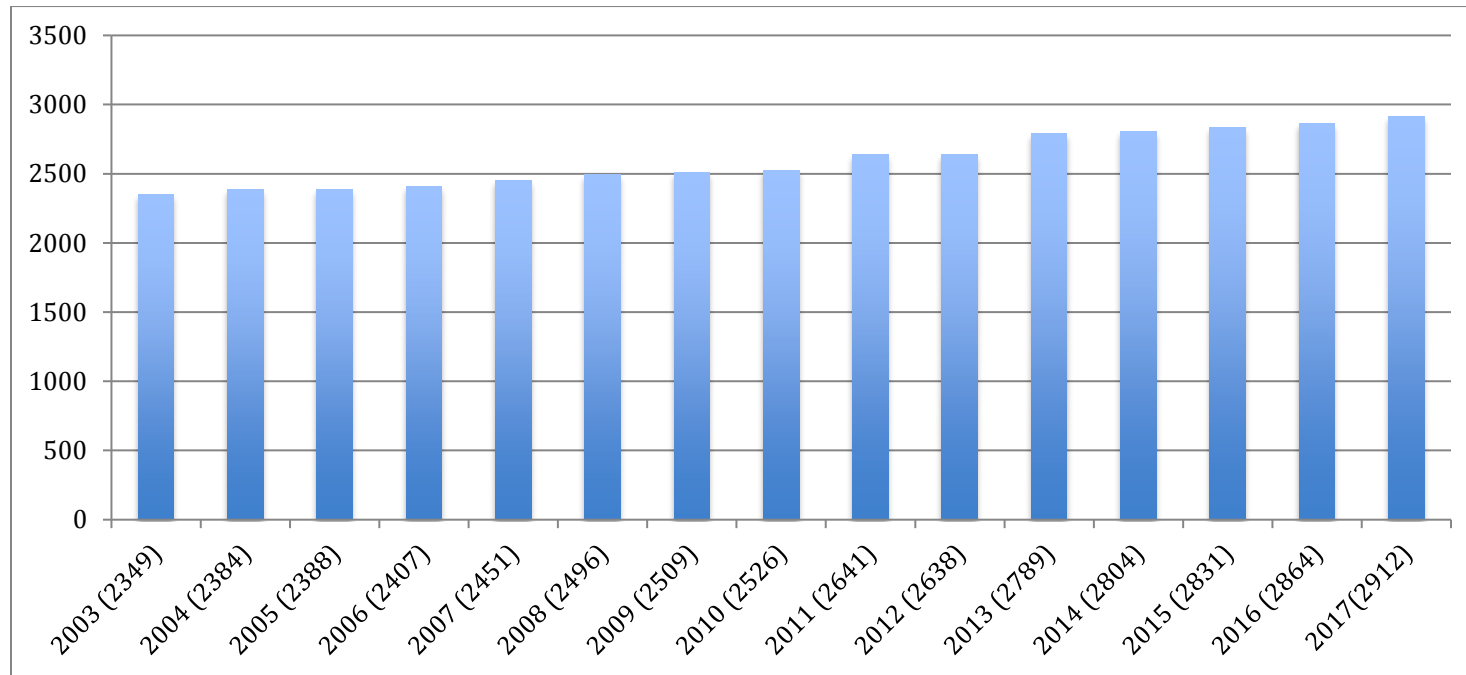

Figure 2: R-1 Positions Offered in Internal Medicine-Pediatrics (2003-2017)

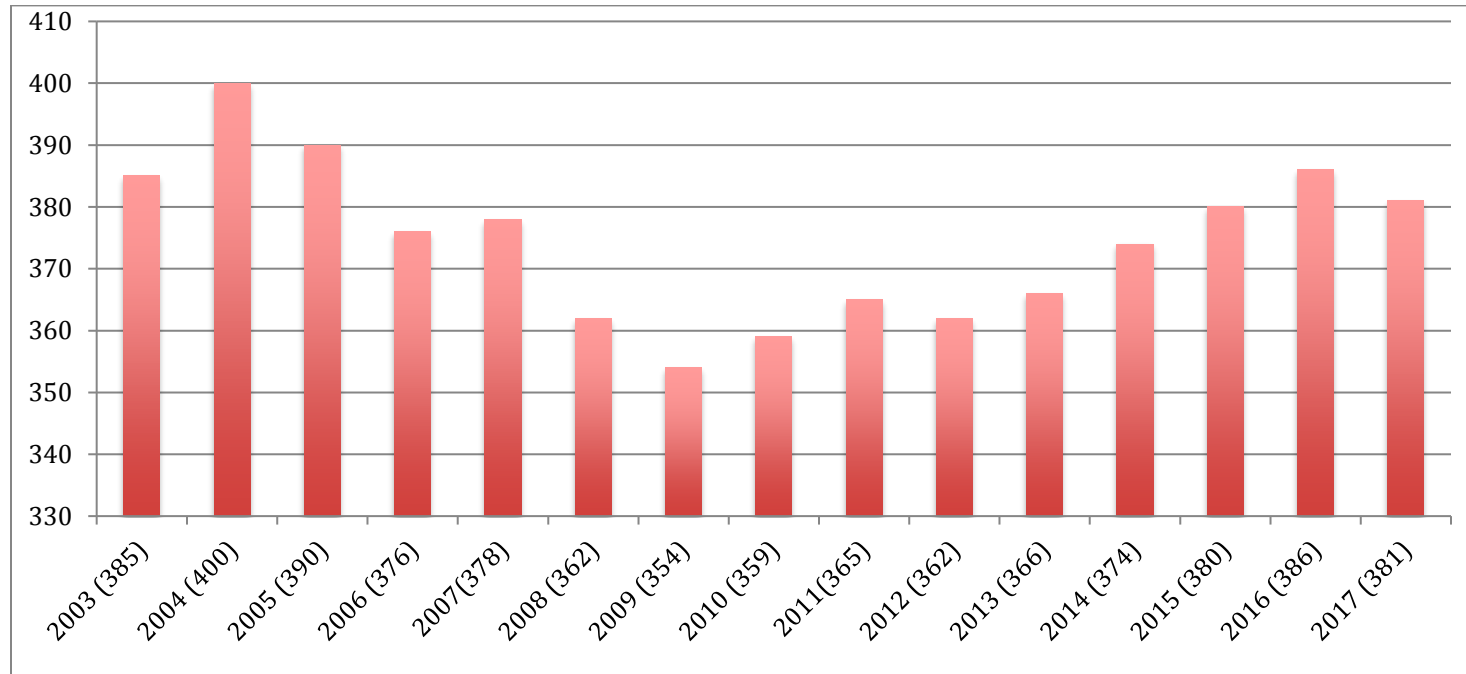

Figure 3: Percent of Offered PGY-1 Positions Filled in Pediatrics (2004-2017)

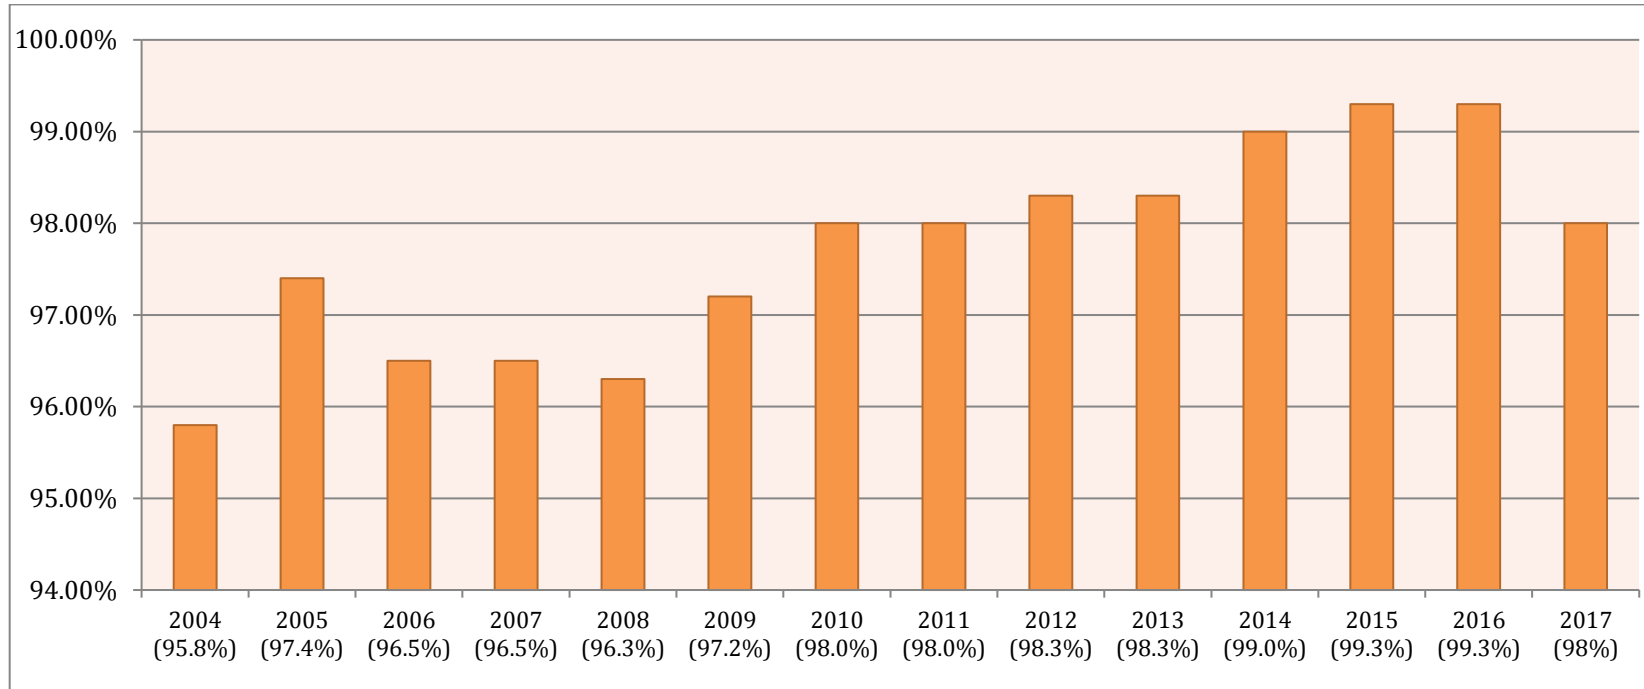

Figure 4: Percent of Offered R-1 Positions Filled in Internal Med-Peds (2003-2017)

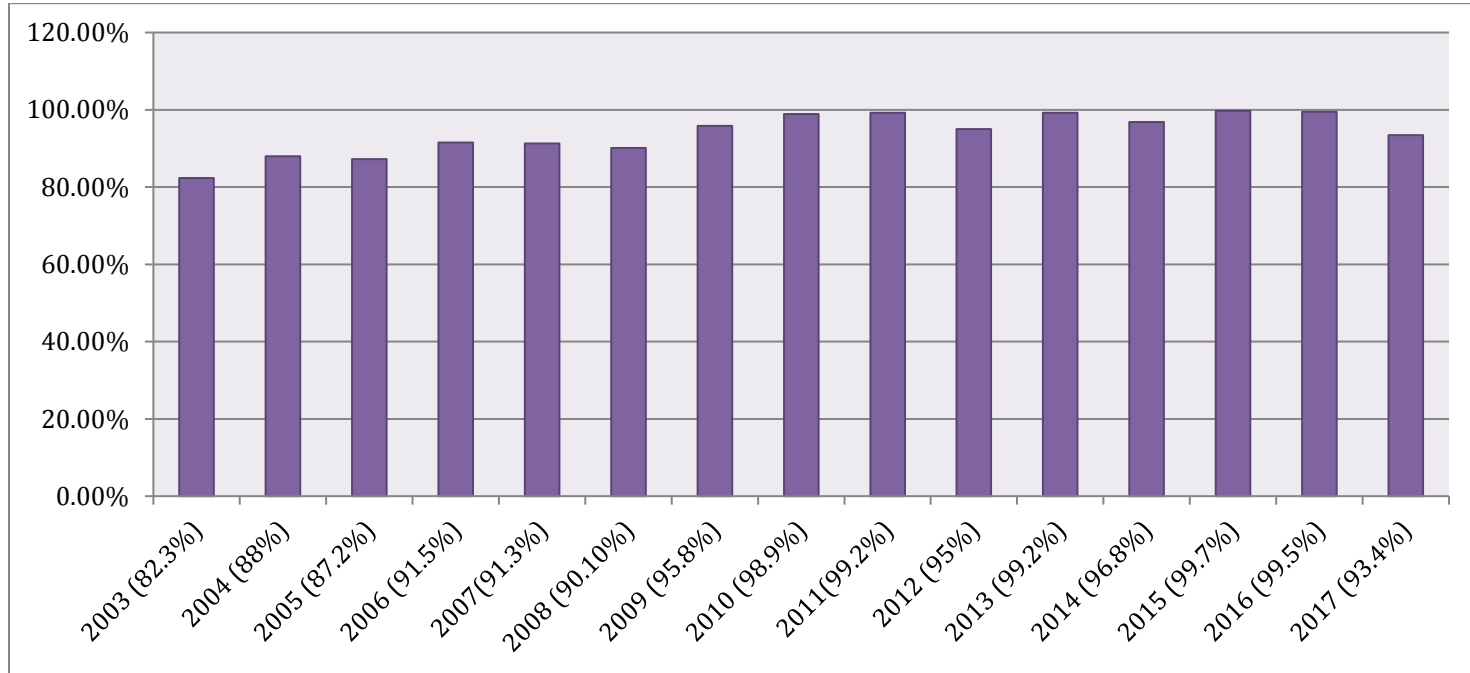

Figure 5: Percent of Total Filled Positions in Pediatrics Filled by USMGs (2003-2017)

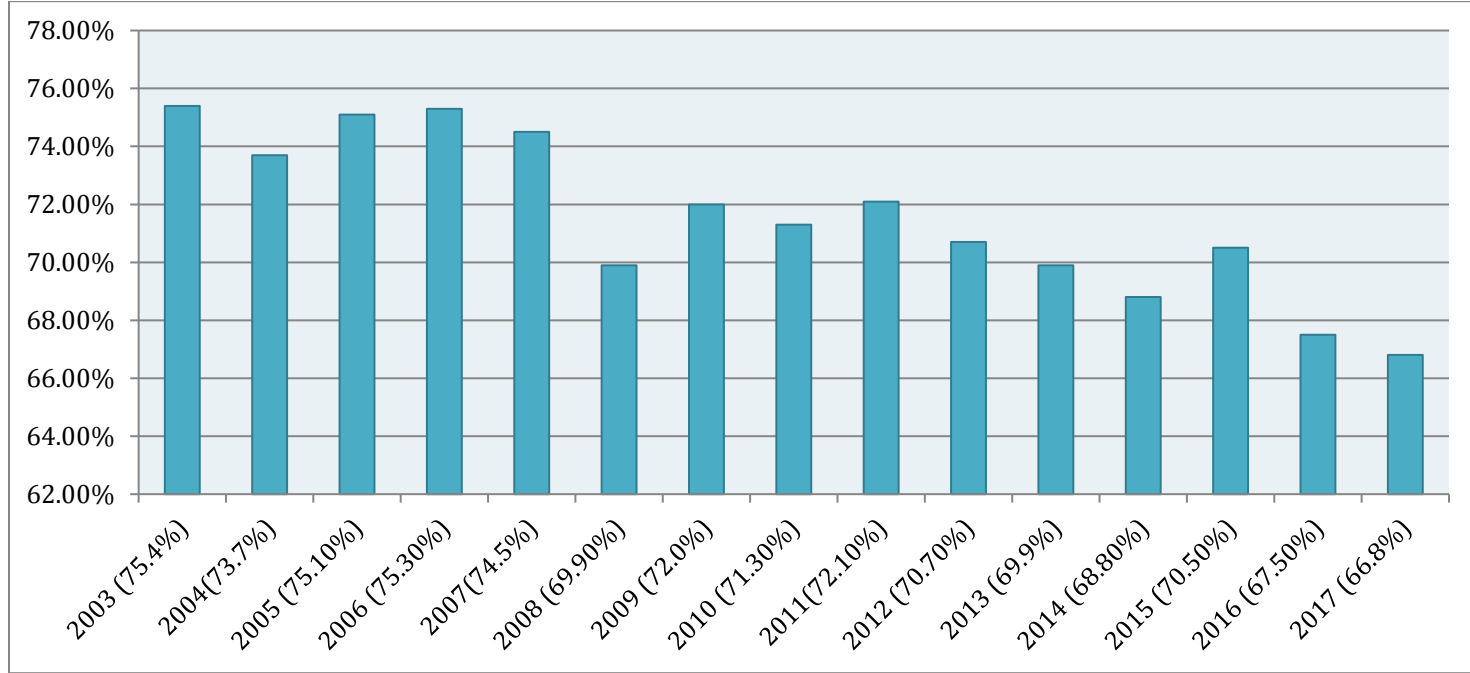

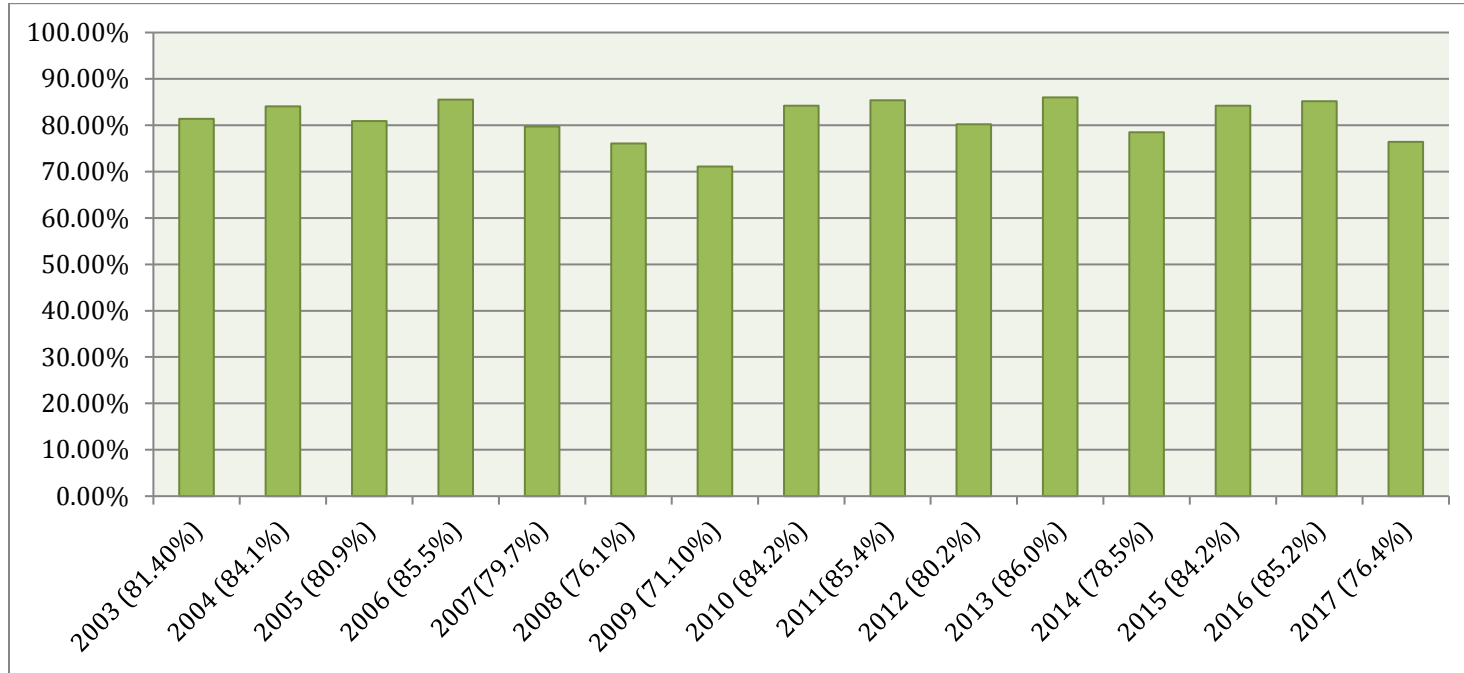

Figure 6: Percent of Total Filled Positions in Internal Med-Peds Filled by USMGs (2003-2017)

Data in the preceding tables and figures were derived from that National Resident Matching Program Advance Data Tables for the years 2003-2017, available at <http://www.nrmp.org>
