Bioethics Book List

Note from the Web Editor:
There are 3 lists in this section. The first list is Novels and Other Books and includes writings with bioethical themes and books not necessarily for physicians. Books less dedicated to pediatrics may be found in the Books of More General Medical Interest. Books for Pediatricians Interested in Bioethics includes books primarily concerning pediatrics. Exceptions include the area of transplants where we found no books dedicated entirely to pediatrics. The Web links are intended to help you locate at least one edition of a book. Please remember Web links change over time and not everything is easily available. We were able to find most books on either Amazon at or Alibris.

The arrangement is alphabetical by author within topical areas. Since many works might easily be classified is several areas, check alternate headings or a different list. For example, if you are interested in deaths in neonatal units, check both end-of-life care and neonatology. Also, some books might be listed both here and in other areas.

If you are interested in journal articles for this subject area, check the separate articles listings. The Ethics Committee of the American Board of Pediatrics has compiled a listing of bioethics references applicable to the care of pediatric patients. This bibliography is updated on a regular basis.

The 3 books lists:

- Novels and Other Books
- Books of More General Medical Interest
- Books for Pediatricians Interested in Bioethics

Current Categories:

"A Piece of My Mind" & Other
Story Type Articles
Ethics Rounds
Abuse & Neglect
Access to Care
Adolescents

Novels and Other Books

This is a listing of novels or other books not necessarily for physicians with connections to bioethical issues.

Please note: The following information has not been approved or endorsed by the American Academy of Pediatrics or by the Section on Bioethics.

By Subject:

Communication/Relationships

This is discussed in:

Consent

Grassley C. Americans should not be on a game show in US emergency rooms and ambulances. AJOB. 2010;10(10):9-10.

Conscience & Conscientious Objection

A discussion in the Wall Street Journal.

Death and Dying

There is an article on this: Brennan F, Dash M. The year of magical thinking: Joan Didion and the dialectic of grief. Medical Humanities. 2008;34:35-39.

Ill, Ivan R Dee Publisher. ISBN-13 978-1-56663-718-3. This is reviewed in JAMA. 2007;297:2770-2771.

O'Neill D. All that jazz. BMJ. 2010;341:c7122

Disability/Birth Defects/Eugenics

This is discussed in: http://www.newyorker.com/books/page-turner/the-forgotten-lessons-of-the-american-eugenics-movement

Economics/financing/insurance/taxes
Information on this: Sandel MJ. What isn’t for sale? The Atlantic.

Education/Mentors/testing

Emergency Care/Emergency Rooms/Disasters
End-of-Life Care/Dying/Futility/Palliative Sedation

**Ethics-general- philosophy, ethical codes, etc.**

This is discussed in:

This is discussed in:

This is discussed in Science:

**Euthanasia/Suicide/PAS/ Infanticide/ Minimally Conscious/ Persistent Vegetative State.**

This one is now a movie of course.

https://www.amazon.com/Me-Before-You-Jojo-Moyes-ebobook/dp/B0089EHQWE/ref=sr_1_1?&s=books&ie=UTF8&qid=1466277102&sr=1-1&keywords=me+before+you+by+jojo+moyes
Concerns a quadriplegic man who wants assisted suicide. Here is the New York Times review.
http://www.nytimes.com/2013/01/06/books/review/me-before-you-by-jojo-moyes.html?_r=0

Trollope A. *The Fixed Period*. 1882
This novel on euthanasia is available for free download for Kindle. If this link doesn’t work, just search for the book on the www.amazon.com site.

shoots a friend when she is captured by a group who intends to use prisoners for medical experimentation.

**Family / Clans/ Tribes**

Reviews:

Redman T. “Novel asks, why play when you know you will lose?”
(On a woman who knows she will develop Huntington’s and a chess player.)

**Gene Therapy**

**Genetics/ Testing/ Genetic Databases/ Biobanks**

This is discussed in: [http://www.nytimes.com/2013/05/13/books/inferno-by-dan-brown.html?_r=0](http://www.nytimes.com/2013/05/13/books/inferno-by-dan-brown.html?_r=0) and [https://www.washingtonpost.com/lifestyle/style/book-review-dan-browns-inferno/2013/05/13/53a7b7ba-bbdf-11e2-97d4-a479289a31f9_story.html](https://www.washingtonpost.com/lifestyle/style/book-review-dan-browns-inferno/2013/05/13/53a7b7ba-bbdf-11e2-97d4-a479289a31f9_story.html)

I am not normally a fan of Dan Brown’s work but I was given an audio version of this book. Among its discussions of Dante’s Inferno and various art works is a thriller involving genetic engineering, transhumanism, overpopulation and appropriate vs inappropriate responses.

**Health Policy & Healthcare Systems**

**Infectious disease/Vaccinations/Epidemics**

An interview with the author: [http://www.pbs.org/wgbh/pages/frontline/health-science-technology/the-vaccine-war/seth-mnookin-how-the-vaccine-war-has-changed/](http://www.pbs.org/wgbh/pages/frontline/health-science-technology/the-vaccine-war/seth-mnookin-how-the-vaccine-war-has-changed/)

This is discussed in:

This is discussed in:

**Intersex/Transgender/Gender Disorder**

This is discussed in:

**Medical Error/Quality of Care**

**Medical Misconduct**
Shlian D, Reid L. **Devil Wind: A Sammy Greene Thriller.** Longboat Key, FL. Oceanview Publishing. 2011. ISBN-10: 1933515899. (a medical thriller by one of our members)

Shlian D, Reid L. **Dead Air (Sammy Greene Thrillers).** Longboat Key, FL. Oceanview Publishing. 2009. ISBN-10: 1933515503. (a thriller concerning misconduct by medical researchers and others by one of our members)

**Miscellaneous**

**Oncology**
Teen book on oncology is reviewed here: http://www.theguardian.com/childrens-books-site/2014/aug/05/review-john-green-the-fault-in-our-stars

**Politics**
A discussion in the Wall Street Journal.

**Practice of Medicine/ Physician Health/ Moral Distress**
Mohr JC. *Licensed to Practice: The Supreme Court Defines the American Medical Profession*. Johns Hopkins University Press. 2013. ASIN: B010WEY392
This is discussed in:

**Professionalism**

**Psychiatric Issues**

This is discussed in:

This is discussed in: Harris B. Sybil, Inc. Science. 2011; 334 (6054): 312.

This is discussed in: Bhutta M. Doctor Glas. BMJ 2009;338:b476.

Religion/Spiritual Issues/Conscience
Bergoglio J, Skorka A. Sobre el cielo y la tierra. SUDAMERICANA. 2013.
(a series of discussions with Pope Francis and a rabbi, Abraham Skorka. I did not see an English language version available yet, one may be available later. It appears to include discussion on euthanasia, abortion and science)

Reproduction/ Contraception/ Assisted Reproduction/ Abortion

This is discussed in: Taraschi SM. Christine Overall: Why have children? The ethical debate. Theoretical Medicine and Bioethics. 2015; 36(4): 295-298.

Research & Experimental Treatments

Hawkes N. Most laboratory cancer studies cannot be replicated, study shows. BMJ. 2012; 344:e2555.

This is discussed here: http://legalhist.jotwell.com/health-care-in-the-shadow-of-the-law-the-impact-of-abortion-jurisprudence/

This is discussed in: Bud R. BMJ 2007;334:539.

This is discussed in: Chinthapalli K. The Island of Dr Moreau. BMJ 2011; 343: d7835.

Social/Cultural Issues

This is discussed in:

Tressell R. The Ragged-Trousered Philanthropists. Oxford University Press, USA. ISBN-10: 0192804537 (This is currently available for free for Kindle). This is discussed in:
Sports/Orthopedics

Stem cells/ Embryos/ Cord Blood/ Chimeras/ Clones
This is discussed in:
To view reviews of this novel please visit the NY Times Web site or Amazon.com

Surgery

Technology/Social Media
This is discussed in:

Transplants
This is reviewed in:

Ishiguro K. Never Let Me Go.
This is discussed in:

Terrorism/ Bioterrorism/ Violence
This is discussed in:
Books of More General Medical Interest

This listing includes books less specifically related to pediatrics.

Please note: The following information has not been approved or endorsed by the American Academy of Pediatrics or by the Section on Bioethics.

By Subject:

Abuse & Neglect/Punishments/Foster Care

Access to Care/Disparities

Do people of differing ethnicities, cultures, and races view medicine and bioethics differently? And, if they do, should they? Are doctors and researchers taking environmental perspectives into account when dealing with patients? If so, is it done effectively and properly?

Autonomy

Conflict of interests

Books for Pediatricians Interested in Bioethics

Please note: The following information has not been approved or endorsed by the American Academy of Pediatrics or by the Section on Bioethics.

Note from the Web Editor: This listing of books was compiled for the Section on Bioethics of the American Academy of Pediatrics by: Ed Forman, MD, FAAP, Lainie Friedman Ross, MD, PhD, FAAP, and Brenda Jean Mears, MD, FAAP and is updated as time permits.

This list includes books we believe may be of value to pediatricians interested in
bioethics. Books less dedicated to pediatrics may be found in the Books of More General Medical Interest. Exceptions include areas where we found few books dedicated entirely to pediatrics. The web links are intended to help you locate at least one edition of a book. Please remember web links change over time and not everything is easily available. We were able to find most books on either Amazon at or Alibris.

The arrangement is alphabetical by author within topical areas. Since many works might easily be classified is several areas, check alternate headings. For example, if you are interested in deaths in neonatal units, check both end-of-life care and neonatology. If you are interested in physician duties in a pandemic you might check infectious disease, professionalism or duty.

If you are interested in journal articles for this subject area, check the separate articles listings. For journal articles prior to 2003, please check the American Board of Pediatrics Web site. American Board of Pediatrics. Bioethics Bibliography. 2004. (Please note that it is currently over 90 pages long and may download slowly)

By subject:

**Abuse & Neglect**

**Adolescents**
