Congenital Heart
PUBLIC HEALTH CONSORTIUM

The Mission of the Congenital Heart Public Health Consortium is to prevent congenital heart defects and improve outcomes for affected children and adults.

The sample used for this table included the 12 national non-profit organizations and four federal agencies involved in the leadership of the Congenital Heart Public Health Consortium. The national non-profit organizations include Adult Congenital Heart Association, Alliance for Adult Research in Congenital Cardiology, American Academy of Pediatrics, American College of Cardiology, American Heart Association, Children’s Heart Foundation, Congenital Heart Surgeon’s Society, Mended Little Hearts, National Birth Defects Prevention Network, Pediatric Congenital Heart Association and Society for Thoracic Surgeons. Additional information about the Congenital Heart Public Health Consortium is available online at www.chphc.org.
