Health First Colorado & Child Health Plan Plus (CHP+): Covering Colorado’s Children

In large part thanks to Health First Colorado (Medicaid) and Child Health Plan Plus (CHP+) (CHIP), 96% of Colorado children have health coverage. Our most vulnerable families count on these programs to help their children grow into healthy, productive adults.

**BUILT TO HELP CHILDREN**

Medicaid and CHIP guarantee children the services they need to grow up healthy and thrive:

- Check-ups
- Dental care
- Immunizations
- Prescriptions
- Health screenings

45% of Health First Colorado and CHP+ enrollees are children.

**COVERING CHILDREN WHO NEED IT MOST**

In Colorado, Health First Colorado and CHP+ cover:

- 38% of infants, toddlers and preschoolers
- 35% of children with disabilities or special needs like diabetes and asthma
- 80% of children who live at or near poverty
- 100% of children in foster care

**LONG-TERM BENEFITS FOR COLORADO**

Children with health insurance are more likely to succeed in school and in life. Children enrolled in Health First Colorado miss fewer school days, perform better in school, are more likely to graduate high school and go to college, earn higher wages and pay higher taxes as adults.

We must keep Health First Colorado and CHP+ strong for Colorado and our children. Changes or federal funding cuts that threaten coverage for children are a step in the wrong direction.
