2011 AAP Award Winners

Outstanding Achievement Award
(Section on Epidemiology/Council on Community Pediatrics)

Recognizes pediatricians who have made outstanding contributions toward advocating for children and child health in the community through the effective use of epidemiologic information.

Gary A. Smith, M.D., Dr.P.H., FAAP

Dr. Smith is professor of pediatrics, emergency medicine and epidemiology at the Ohio State University and holds the Dimon R. McFerson Endowed Chair in Injury Research. He is board-certified in pediatrics, pediatric emergency medicine, general preventive medicine and public health. Dr. Smith is founder and director of the Center for Injury Research and Policy at Nationwide Children’s Hospital, and is president of the Child Injury Prevention Alliance. He has researched and advocated in the field of injury for more than 25 years, and has authored more than 120 injury-related peer-reviewed publications focusing on injury prevention in children and adolescents.
