About Us
The Indiana Chapter of the American Academy of Pediatrics ("INAAP") is a statewide 501(c)(3) nonprofit organization focusing on issues related to the health and well-being of all Hoosier children. With over 900 pediatrician and nurse practitioner members throughout the state, INAAP strives to be the go-to resource for questions related to children’s health, as well as for issues related to the practice of pediatrics.

Our Mission
The Indiana Chapter of the American Academy of Pediatrics is committed to the attainment of optimal physical, mental and social health for all infants, children, adolescents and young adults. To this end, the members of the Academy dedicate their efforts and resources.
INAAP strives to be the voice for Indiana children at the Statehouse. The chapter’s Government Affairs Committee members work hard to identify important children’s health issues and to formulate the best way to educate legislators and the general public on the most prudent course of action on those issues.

**INFANT MORTALITY**
- Implement and promote safe sleep practice
- Support SB360, which promotes best practices for providing high quality care for newborns throughout Indiana.

**IMMUNIZATIONS**
- Increase rates of immunizations, especially the HPV vaccine

**EARLY EDUCATION**
- Provide universal high quality public preschool
- Promote the Reach Out and Read program

**TOBACCO CESSION AND PREVENTION**
- Increase tax on cigarettes
- Increase the smoking age

**SKIN CARE**
- Support SB24 which provides children in Indiana with access to sunscreen while at school
