Display Information

A tabletop display is defined as not exceeding 60” in height, 72” in width, and 24” in depth and not obstructing exhibit space to the left or right of the table. All materials must be placed on the table provided, and may not extend beyond the front edge of that table.

Should a display require electrical power or a phone hook-up, it is the responsibility of the exhibiting company to make the appropriate arrangements on-site with the AAP Meeting Services Manager for these table hook-ups. All expenses connected with these services are also the sole responsibility of the exhibiting company.

Shipping

Exhibitors are strongly encouraged to hand-carry display equipment and materials on-site, eliminating the possibility of lost or misplaced shipments.
