What do I do if I try to launch or continue a course in Pedialink and it does not let me continue?

Before attempting to log back in to Pedialink again, please clear your Internet browser cache to ensure that you are beginning a fresh login session to the site. You may follow the instructions below for assistance on clearing your browser cache.

Click one of these browser links to view instructions on clearing your cache:

- Microsoft Internet Explorer 10/11
- Internet Explorer 8/9
- Mozilla Firefox
- Safari on MAC
- Google Chrome
- iPhone | iPad | iPod

Microsoft Internet Explorer 10/11:

1. Click on Tools button or the gear symbol in the upper-right corner of the browser window and select Internet Options.

2. Under the “General” tab, click the “Delete” Button.
3. Check all of the boxes, then click the “Delete” button.
4. Click “OK”
5. Close all Internet Explorer Windows for the changes to take effect.
6. Launch Internet explorer again.

Microsoft Internet Explorer 8/9:
[Back to top]

1. Click on the Tools menu. Or the gear symbol in the upper-right corner of the browser window and select “Internet Options”
2. Under the “General” tab, click on the “Delete” button.

3. Chick all of the boxes, then click on the “Delete” button.
4. Click “OK”
5. Close all Internet Explorer Windows for the changes to take effect.
6. Launch Internet Explorer again.

1. Click on the “Tools” Menu
2. Select “Internet Options”
3. In the “Browsing History” section, click on the “Delete” button.
**Mozilla Firefox:**

1. Click on the menu button on the top right corner.

2. Select “History”

3. Click on the “Clear Recent History...” link

4. A box will open, Choose “everything” in the time range to clear section and keep the first 5 items checked
5. Click the “Clear Now” button.
6. After clearing the cache, you should close your browser completely and re-launch it.

Safari on MAC:

1. Launch Safari
2. Click the History tab, in the top menu.
3. Select from: preferably “all history” or select the appropriate time frame of when the undesired behavior began.
4. Click Clear History
