

Purchasing Guide

PREP® (Pediatrics Review and Education Program) is the flagship self-assessment program of the American Academy of Pediatrics. Beginning at the end of January 2026, PREP Blocks will be released. Trusted PREP content will be delivered on a refreshed desktop experience and new mobile app, offering high-quality, learner-centric content for pediatric professionals.

What are PREP Blocks?

- PREP Blocks are sets of 20 case-based self-assessment questions in a specific content area.
- Each block offers up to 4 *AMA PRA Category 1 Credits™* and 4 MOC Part 2 Points.
- Blocks are valid for three years from release and can be purchased individually or as part of PREP Blocks Plus (see more information in the next section).
- You can mix and match blocks to focus on your learning needs.

What are PREP Blocks Plus?

- PREP Blocks Plus are PREP Blocks sold as a set or with another item (e.g. AAP Journal).
- PREP Blocks Plus may include a print component, a discount, or an AAP journal.

Who can use PREP Blocks?

- PREP Blocks are designed for all pediatric professionals, including attending physicians, nurse practitioners*, physician assistants, residents, and fellowship trainees.

**Select blocks are accredited for NAPNAP CE contact hours.*

Your Guide to Purchasing PREP Blocks

How many PREP Blocks should I purchase to start building a Question bank?	<p>The best approach is to buy blocks that fit your learning needs and expand your Question bank over time. We recommend:</p> <ul style="list-style-type: none">• Purchasing 1–3 PREP Blocks to try or• Start strong by purchasing 10 or more (a bundle or mix-and-match specialties) to build a larger question bank quickly.
Which PREP Blocks should I purchase first as a practicing pediatrician?	<p>You are free to purchase any block and build your question bank in any sequence you prefer. We recommend:</p> <ul style="list-style-type: none">• Beginning with blocks in your current specialty or area of practice <p>This builds on your existing foundation and makes it easier to expand into new areas later.</p>
Why purchase PREP Blocks outside of my specialty?	<p>PREP Blocks make cross-specialty learning simple and accessible. Buying blocks outside your specialty helps you:</p> <ul style="list-style-type: none">• Strengthen your knowledge in adjacent subspecialties• Broaden your clinical confidence• Support a wider range of patient needs• Explore new content areas at your own pace
I previously used PREP years ago to study for the boards. Why should I purchase PREP Blocks now?	<p>PREP has evolved to better support practicing pediatricians:</p> <ul style="list-style-type: none">• You no longer need to commit to a long assessment• Flexibility to purchase a single block of 20 questions• Earn 4 AMA PRA <i>Category 1 Credits</i>™ and 4 MOC Part 2 points quickly• Fit learning into a busy schedule without overwhelm
I'm a trainee. Why should I purchase additional PREP Blocks?	<p>With additional blocks, you can:</p> <ul style="list-style-type: none">• Build a larger, more comprehensive Question bank• Target specific subjects for board prep or ITE improvement• Use the performance dashboard to spot gaps and select blocks that match your needs• Study more efficiently and boost exam confidence

Transitioning from the Former PREP Product to PREP Blocks

If you're familiar with the previous PREP products, you can still build a learning experience that feels similar with PREP Blocks. Use the guide below to find the PREP Blocks option that best matches what you previously purchased.

If you typically completed *all* PREP Questions and claimed *all* available credit:
