I went from 15 years of HIV case management to opening a practice for my husband. We would not be as successful as we are today without the PPMA. There is not a day that goes by that I am not learning something new from hundreds of great managers on the PPMA Listserv.

- Dina Abdelsalam, Bright Futures Pediatrics

PPMA is an amazing resource for up-to-date pediatric practice management issues. The PPMA Listserv provides the manager with immediate access to the most experienced and knowledgeable experts who will quickly respond to questions and offer advice on practice-related issues.

- Jill Stoller, MD, FAAP, SOAHPM Immediate Past Chairperson

The advantage of joining PPMA is the ability to connect and learn from your peers. If you have a question, you can reach out to and understand how they have resolved similar issues. It allows us to be more responsive to our providers without having to re-invent the wheel.
